THIS IS *Tallahassee*

*N*ear, but far from the glaring strips of neon amusement, and the castles and crowds of Disney, lies another magical place in the Sunshine State — one of pow-wows, plantations, politics and great pride. Often described as “The Other Florida” with its deep-rooted history, rolling hills, canopy roads of moss-draped oaks, cool climate and Southern-style hospitality; it is a Florida few have seen. It is Tallahassee — Florida with a Southern accent.

Best known as Florida’s capital, Tallahassee is an intimate neometropolitan city where the power of state government, the academic and the artistic are complimented by subtle, old-fashioned charm.

Tallahassee — derived from the words “talwa” meaning town and “ahasee” meaning old — has undergone many changes, but one thing remains the same — it is still a government town fiercely proud and dedicated to preserving its heritage.

The famous Gulf beaches and major metropolitan areas of the South are a short trip from Tallahassee. As Florida’s capital city, Tallahassee offers the grace and charm of a small city, while Atlanta, Jacksonville, Tampa, Orlando and New Orleans are within easy driving distance. ★

Climate:

Tallahassee enjoys four distinct seasons with an average annual temperature of 67 degrees. Weather conditions are mild and moist due to close proximity to the Gulf. Summer temperatures are subtropical with an average of 83 degrees while winters average a pleasant 50 degrees.

The Capitol buildings, both old and new, epitomize Tallahassee’s perseverance. With the 22-story New Capitol towering overhead since 1977, the Old Capitol, erected in 1845, has been restored to its 1902 appearance complete with red-and-white candy-striped awnings and a gracious dome adorned with stained glass. The 22nd floor of the New Capitol reveals a spectacular view of the rolling hills of Leon County all the way to the shimmering Gulf of Mexico. Chambers of the House and Senate buzz with political zeal during the March through May legislative session.

The first Christmas mass celebrated in the United States was held in Tallahassee.

Standing nine feet tall, Herman, a skeletal prehistoric mastodon — originally weighing about five tons — was pulled from Wakulla Springs in the 1930s. The Museum of Florida History also features the Prehistoric Florida Exhibit, Spanish treasures, war relics and even a riverboat.

Downtown Tallahassee grew as a trade center with Florida’s first railroad — a simple mule-drawn, rail trolley epitomizing the leisurely pace of Southern life — connecting Tallahassee and St. Marks. The 16-mile railroad has now been paved as the St. Mark’s Bike Trail, and the Old Trolley remains a stylish way to get around.

Only 13 miles from the Capitol, amid alligators, anhingas and tranquillity is the 2,900-acre Wakulla Springs State Park. Visitors can drift lazily aboard a jungle cruise boat on Wakulla Springs while the alligators sun on the shore. Tallahassee's underwater passages have intrigued adventurers from around the world — even National Geographic magazine attempts to uncover the hidden mysteries of the springs in many issues.

The Winter Festival and Celebration of Lights, an outdoor celebration of holiday lights, music and the arts with activities including a night glow parade, Jingle Bell Run and Santa's Enchanted Forest has become a popular wintertime event in Tallahassee.

As one of the largest arenas in Florida, the Tallahassee-Leon County Civic Center, situated on 22 downtown acres, provides the ideal setting for "star-studded" events. The Civic Center Arena was the site of the 1995 NCAA Basketball Southeast Regional while Jacksonville native Jimmy Buffet makes regular visits to Tallahassee.

What Others Are Saying About Tallahassee:

"Where else in the Sunshine state can you pretend to be the governor, peruse pirates' plunder, and peer breathlessly at a daring young man on a flying trapeze — all in the same day?"

— SOUTHERN LIVING

"After a visit to Tallahassee, you'll leave Florida with a whole new image of the magic kingdom — and you won't have to worry about mouse ears getting smashed in your suitcase."

— DISCOVERY

"Tallahassee, Florida's capital city, has charm with a distinctly Southern accent..."

— BOSTON HERALD

Red wolves, Florida panthers, alligators and other fascinating wildlife in a 52-acre habitat highlight the Tallahassee Museum of History and Natural Science.

Low sprawling oaks, draped with Spanish moss create dramatic emerald tunnels of dancing sunlight on Tallahassee's famous Canopy Roads.

Noted for water sports, including sailing and wind surfing, Shell Point Resort is located just 25 miles south of Tallahassee.

Springtime Tallahassee has blossomed over 25 years into a four-week jubilee with parades, festivals, contests, crafts and amusement.

THIS IS *Florida State*

A senior member of the 10-member State University System, FSU was founded as an institution of higher learning in 1852 by legislative act and began in Tallahassee with its first students in 1857. Today, Florida State's operating budget is \$442 million. Faculty and administrators generate more than \$95 million annually in external funding to supplement state-sponsored research. Three direct-support organizations serve to bolster the University: the FSU Foundation, which raises millions in private gifts to support academics, the Seminole Boosters and the FSU Alumni Association.

Florida State continues to progress and grow — from its pre-Civil War foundation as the Seminary West of the Suwannee, through the early 20th century as the academically respected Florida State College for Women, returning to coeducational status as a university in 1947, to its modern development as an acclaimed research institution, a top-ranked competitor in intercollegiate athletics and as a standard-setter in the basic sciences and the performing arts. ★

The Dr. Bobby E. Leach Center, a state-of-the-art student recreation facility, with an indoor pool, saunas, basketball and racquet-sport courts, was completed in 1991. And in June, a 2300 square foot free weight area was completed.

Florida State University, nearing its golden anniversary as a co-educational graduate research institution, has joined the nation's elite in both academics and athletics. Located on the oldest continuous site of higher education in Florida and building rapidly on the framework of a highly regarded liberal arts college for women, the University has emerged over the past 48 years as an institution of national and international esteem.

With 1,568 members, the FSU faculty currently includes five members of the National Academy of Sciences and eight members of the American Academy of Arts and Sciences, and has included five Nobel laureates. It is backed by 2,987 administrative/professional and support staff.

FSU ranked 20th in the nation for 1990-91 in the number of black Ph.D. students it graduates. Over the five years from 1986 to 1990, FSU ranked eighth nationally by granting doctorates to 70 African-Americans.

FSU's high-tech program in structural biology in 1991 received the University's largest single foundation grant, \$4 million, to position it among the leaders in the field worldwide.

Vice President of the United States Al Gore spoke at the dedication of the National High Magnetic Field Laboratory at Florida State in October 1994. The National Science Foundation established the \$100 million magnet lab at Florida State, which is partnered in research with the Los Alamos National Laboratory and the University of Florida, in 1990. A Nobel laureate in physics and a top Russian physicist were among the first scholars drawn to the faculty by the magnet lab. The world's largest magnet — two stories high and capable of generating 45 tesla or 1 million times the Earth's magnetic field — is to be installed in 1995 at the NHMFL, located in the off-campus research complex, Innovation Park.

Florida State University alumnus, Dr. Norman Thaggard ended the longest space flight in U.S. history in July after a historic mission on the Russian space station Mir. Thaggard who received his undergraduate degree in engineering at FSU in 1965 and his masters a year later, is an avid Seminole football fan and brought his cosmonaut counterparts to their first college football game in Tallahassee last year. Thaggard's Florida State pennant could be clearly seen in the space shuttle aboard Mir during press conferences. Thaggard has been on three space missions including the historic six-day flight on the Challenger in 1983 that included Sally Ride.

Library holdings at Florida State include 2.06 million book titles, 18,498 serials and 4.25 million microforms. The main library facility, the Robert M. Strozier Library, is linked via computerized information systems to other state university and national research libraries. The Paul A.M. Dirac Science Center Library is located at the heart of the University's science research complex. FSU also maintains extensive music, library science and law libraries, and the Mildred and Claude Pepper Library houses the personal and professional papers of one of Florida's best known political couples.

Florida State ranks first in popularity nationwide among high school seniors, based on the number of students who request their Scholastic Aptitude Test (SAT) and American College Test (ACT) scores be sent to an institution. FSU was the only institution listed among the top 10 choices of both black and white college-bound students. Florida State is also tops in the state for community college transfers as FSU admits over 3,000 transfer students every fall semester.

In fall 1994, the first tenants moved in to the east side of the \$82 million University Center, a classroom-and-office facility at Doak Campbell Stadium. The stadium's south end zone also was enclosed and the adjacent Moore Athletic Center expanded. When the west side is completed in 1996, the University Center will provide 550,000 square feet of much needed academic space and a centralized location for student services.

Right: During the 1994 pre-season practices, the team took some time off from its training sessions to relax a little. The squad visited a ropes course in Woodville, FL and enjoyed a day of fun, testing themselves and trusting each other, working together as a team for the first time for the 1994 season.

Right: Besides traveling to the Atlantic Coast Conference schools, FSU also plays in tournaments from coast-to-coast across the country. In the past few years, the Lady 'Noles have competed in California, New York, Colorado and Texas.

Representatives from each of FSU's athletic teams speak at Tallahassee area schools on the importance of staying in school and away from drugs. The volleyball team has been actively speaking since the program began. Luiza Ramos was featured with other standout athletes in the "Give Your Dreams A Chance" promotional poster handed out at the schools.

UNIVERSITY *Support Services*

Academics

Florida State University is committed to the academic success of its student-athletes. Under the direction of Dr. Roger Grooters, the FSU athletic department's Academic Support Program is in place to meet the personal, academic and professional needs of each student-athlete.

Grooters and his staff aid student-athletes with admission, class scheduling, registration, and the normal progression towards a degree. Unveiled last fall was a new state-of-the-art academic center as part of the University Center expansion. The center provides study hall and tutoring rooms, as well as a resource area with study carrels, computers and basic reference materials.

Class attendance is closely monitored during the playing and practice seasons. Throughout the school year, nightly study halls and tutoring sessions help the student-athletes stay on course. Student-athletes have unlimited access to mentors who provide one-on-one tutoring. The academic support staff works closely with the faculty members at Florida State as well as with the athletic department's own office of Student Services.

The Academic Support Staff.

For everyone in the Florida State athletic department—from coaches and academic support personnel to student services staff and administration—giving each student-athlete every opportunity to earn a degree is the primary goal. And every year, that goal is becoming reality for more and more Florida State student-athletes.

Strength training and conditioning is an important part of an athlete's performance on the court. programs for each of the athletes beginning with pre-conditioning before the season gets underway. The workouts are modeled after the National Strength and Conditioning Association's volleyball training program.

Miller works with the players in sport specific training which includes conditioning the major muscle groups used in volleyball. FSU takes pride in customizing the programs to help student-athletes reach their maximum potential.

Prevention Care & Treatment

SHELLY LICHTER, M.S., A.T., C.
Volleyball Trainer

Being an athlete at Florida State University means receiving the best care and treatment possible. All of the student-athletes undergo pre-season screening so a certified trainer can detect any

potential injuries an athlete may incur. If a problem is detected, the athlete is placed on a prevention care program which may include any kind of treatment from icing to exercising. The program is closely monitored by Volleyball Trainer Shelly Lichter. Shelly is an Assistant Trainer with the FSU Athletic Training staff and has worked with the volleyball team for three years.

The FSU athletic trainers use the rehabilitation room to assure complete recovery of their athletes.

Rehabilitation is another important component of the Seminole training room. Though preventing injuries is the main objective, they are unavoidable for the athletes who participate in sports. More serious injuries and illnesses are referred to the Seminole team physicians at the Tallahassee Orthopedic Center who, for many years, have worked in conjunction with the FSU training room in successfully rehabilitating numerous athletes after an injury.

Nutrition counseling and drug testing are both responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes. ★

FLORIDA STATE VOLLEYBALL

History

Since its beginning in 1968 with a group of physical education students and a volunteer coach, Florida State volleyball has shed its club team roots to become one of the nation's premiere programs.

In its infancy it was not uncommon for the group of aspiring athletes and teachers to pay their own way to tournaments and share warm-up suits with the other women's club teams. The club struggled to become established in those early years as team members were faced with having to find a new volunteer head coach each of the program's first five years.

After Florida State made its first ever appearance at the AIAW National Tournament in 1971, Dr. Billie Jones assumed the coaching duties on a permanent basis for the next six seasons. Under Jones' direction the Seminoles amassed a 107-22 record, and

volleyball at Florida State became a mainstay.

Success continued for the program as it returned to the AIAW National Tournament in 1973, '74 and '75, while competing for state and regional championships along the way. Popularity for the sport began to grow. Former FSU basketball head coach Hugh Durham and his wife Melinda were two of the team's biggest supporters, often attending home matches. In just a few short years, Florida State volleyball became recognized as one of the sport's up-and-coming programs.

Current head coach Cecile Reynaud continued to build on the foundation laid by her predecessors. Under Reynaud's guidance, FSU qualified for the AIAW National Tournament three more times. After its third successive AIAW appearance in 1981, Florida State joined the NCAA and began competing in the Metro Conference in '82.

Before FSU joined the Atlantic Coast Conference in 1992, it had captured six Metro Conference titles.

In four years of ACC play the Seminoles have an ACC regular season co-championship to their credit.

Since Florida State became a NCAA volleyball member in 1982, the Seminoles have qualified for the National Championship Tournament eight times, including six appearances in the last eight years. Many of FSU's volleyball alumni have gone on to play professionally.

Whether it be in Europe or the sandy shores of California, Florida State's top athletes often choose to continue playing the game they love. Currently, three FSU volleyball players are on tour with the professional beach circuit.

Perhaps the most famous of the FSU volleyball alumni is Nike spokeswoman and

1995 *Outlook*

*T*he 1995 Lady Seminole roster may have the appearance that something is missing...and there is, seniors. In fact, the 1995 squad includes only three upperclassmen. Ten freshmen and sophomores dot the roster this season. Head coach Cecile Reynaud has quite a challenge ahead of her entering her 20th

The first challenge is the task of replacing FSU's two outside hitters, Luiza Ramos and Deanna Bosschaert.

"Two people who have played for four years will be critical to replace," Reynaud admitted, "especially since they were both primary passers." These two players received the majority of the sets so the Lady Seminole's offense will have a brand new look this season.

"The biggest strength for this young new team will be its size. Florida State has four players over six feet tall..."

season at Florida State. The veteran coach has a novice squad. This challenge, however, does not make Coach Reynaud nervous, instead she is glad to have the opportunity to review basics with her young team and will also have the chance to make a big impact on such a young squad.

FSU returns leading blocker Valerie Broussard to dominate at the net once again in 1995.

Accompanying the exiting seniors is Adria Ciraco, the 1994 team's middle hitter. The final graduate is outside hitter Catie Lotarski. These four individuals had been the nucleus of the team which played its toughest schedule ever last season.

The biggest strength for this young new team will be its size. Florida State has four players over six feet tall, which include three middle hitters and an outside. With such a tall lineup, blocking should be a strength. One of the biggest impacts on the team could be the emergence of Susan Hawks. After a redshirt season, Hawks will be listed as a freshman, but is expected to play much older than that. She showed great leadership potential in spring practice and is anxious for her first collegiate season.

This young team will look to its few upperclassmen for leadership, which is just what Coach Reynaud wants. In particular, the squad will look to junior Patty Diamond for some guidance.

"Patty is a confident player," Reynaud said. "She communicates well with the coaching staff and the players. Her personality is that of a leader."

Middles

The middle position may be the toughest in the game. It will be crucial for the success of this season to have two healthy middles ready to play. Leading the charge defensively and offensively will be junior Valerie Broussard. The Seminoles have an experienced middle in Broussard who has not missed a match since starting her career at Florida State.

Broussard looks to be a major impact for the Seminoles returning for 1995 as the team leader in hitting percentage and blocking from last season.

Hawks and Susan Johnson will also challenge for a middle position. Both have strong blocking skills, and Johnson gained valuable experience last season as a freshman appearing in 26 matches.

A newcomer to the middle crew is Nicole Allen. Allen is a strong athletic player who could also appear in the starting lineup.

"Nicole is a quick, strong athlete," Reynaud said. "She is going to be a dynamic player, she can be very explosive."

Outsiders

The outside position has been occupied by the same two people for the past four years. With many outside hitters to choose from, this may be the toughest position to fill. According to Reynaud, Laura Arnold is coming off a great spring.

"Laura had days in practice where she was an offensive weapon," Reynaud said. After defensive playing time her freshman year, Reynaud is looking to utilize Arnold in every aspect of the game. Arnold will have the chance to become an offensive threat this season.

One of the tallest members of the squad, junior Sonia Preocanin, has been used sparingly throughout her career. 1995 may bring her into the spotlight as one of FSU's right side players, putting up an intimidating block for all opponents. A strong, vocal player, Preocanin may be coming into her own this season.

Three freshman will also be battling for a starting position. LaToya Presberry, Sarah Rickertson and Holly Schneider will compete for playing time. Reynaud described Presberry as a player with, "excellent technique, an all-around athlete who is exciting to watch."

Rickertson has been described as a "good all-around player." She comes from a great high school and club program and her versatility will allow her to come in and "fit in wherever we need her."

Schneider, a physically strong athlete with a competitive attitude could add some fire to the lineup. Reynaud described her as, "an explosive, intense player coming from a strong volleyball background."

Setters

Last season both Diamond and Maureen McCarthy were used as setters. This season, they

McCarthy (front) and Diamond shared setting duties last year and will challenge for that role once again this season.

will both be battling it out for a starting position once again. The setter's role is to lead her team to victory. Reynaud believes both of her setters have the ability to change the momentum of the game.

According to Reynaud each of the potential setters has different strengths.

"Patty has an outstanding block and a great defensive attitude," Reynaud said. "Maureen is very successful with a lot of the quick sets and jump sets, and she runs the team well."

The 1995 season will provide a challenging Atlantic Coast Conference schedule for the Seminoles. Many outstanding players have graduated from the conference and some coaching changes have occurred. This leaves the door wide open for the conference championship. This year's team hopes to knock it down.

Along with the rigorous ACC schedule, FSU will face rival Florida, South Florida, Rhode Island, Washington, and Houston which should all prove to be tough for the young squad.

The 1995 Florida State volleyball team is looking to return to the Atlantic Coast Conference Championships and the NCAA Tournament. With no seniors on the team and only three juniors, time will tell which of the young players will emerge to lead the team to victory. In Reynaud's 20th season of collegiate coaching at FSU, she will be looking to finish as she has every other year, with a winning season. ★

HEAD COACH

Cecile Reynaud

20th Season: CAREER RECORD 516-222 (.699)
ALMA MATER: SOUTHWEST MISSOURI STATE, 1975

Florida State University Athletics has been fortunate enough to have two of the best coaches in the country working with its athletes for almost two decades in each of their respective sports. Cecile Reynaud and Bobby Bowden, each entering their 20th season would shy away from this credit, feeling they are the ones fortunate to have

been on staff for so many years and to have had the opportunity to work with Florida State and its athletes. That is what is so great about each of them, each is well known, accomplished and respected in their sport. Two honorable coaches who care about their athletes, both class acts.

Coaching, Reynaud feels, is teaching people about life, and she uses a volleyball to do that. When looking back on her 19 previous seasons for her greatest moment, she has some great victories to choose from. But, after a smile and a few laughs remembering these blasts from the past she decides the best part of having coached Lady Seminole

volleyball for 20 years is that she has been fortunate enough to work with so many student-athletes and form lasting relationships. For that she feels lucky.

Well as luck would have it, Coach Reynaud notched her 500th career victory in the first match of the 1994 season against Southern Illinois. This milestone victory places her among an elite list of coaches in the 500 win club. What a relief it was to

earn that victory in the opener with the Lady Seminoles facing the toughest schedule in school history. Challenging powerhouses UCLA, Penn State, and LSU in the early season along with rival Florida, then plowing past the always tough Atlantic Coast Conference foes. FSU played 10 teams in 1994 that reached the NCAA Tournament including two final four participants.

Looking back over 19 seasons of volleyball, one thing stands out. Reynaud has never had a losing season. With their impressive regular seasons, post season play has become familiar to the Lady Seminoles as well. Florida State has made eight NCAA post-season appearances, six of which are in the last eight years and two appearances in the Atlantic Coast Conference Championship game in only four years of ACC competition.

Along with Reynaud's coaching duties, she is currently serving as interim assistant athletic director, a position she was named to July 1, 1994. The assistant AD oversees 13 of Florida State's sports. Being assistant AD has been both exciting and challenging. The greatest challenge of all being the extra travel, and the fact that more people need access to her as an administrator. However, for Coach Reynaud, players will always come first.

Reynaud's successes in coaching are impressive and numerous as are her graduates. In 19 years of coaching, Reynaud has an excellent graduation rate. Among four-year volleyball letterwinners, all but two have earned their college degree, close to a 98% graduation rate. These graduates include two GTE Academic All-Americans and numerous honor roll students in the past five years.

A two-time Metro Conference Coach of the Year, Reynaud was also honored as Coach of the Year by the Atlantic Coast Conference in 1992. She was also named Florida Association of Intercollegiate Athletics for Women Coach of the Year in 1991 and in 1989 she garnered AVCA South Region Coach of the Year accolades.

Presently, Reynaud is a member of the Volleyball Hall of Fame selection committee. She is also active on the USVBA Board of Directors and Executive Committee.

In 1983, she went to the international level and served as the assistant coach at the World University Games in Canada and in 1985 was head coach for the United States Junior National Team which toured Japan and China. She has been on the AVCA All-America Committee and was the Zone Coordinator for 1986 and 1987 Olympic Festivals. She has continued to serve as the commissioner for the Olympic Festival since 1988. Reynaud will also be working with the 1996 Centennial Olympic Games in Atlanta as the Deputy Competition Manager, where she will be in charge of the Athens, GA venue for 10 days of competition.

Reynaud participated in the 1990 Goodwill Games as the technical secretary and is past-president of the American Volleyball Coaches Association.

As an expert on the game, Reynaud has been a technical consultant for two Power Volleyball films and the third edition of the book "Power Volleyball." She has co-authored numerous articles pertaining to women's athletics and continues to be active on the speakers' circuit.

Reynaud has been an instructor at more than 35 camps across the country and hosts her own each year which attracts hundreds of young volleyball players.

A 1975 graduate of Southwest Missouri State, Reynaud enjoyed an outstanding athletic career on the volleyball team and was twice named among the Outstanding College Athletes in America. In 1983, she was inducted into the school's Women's Athletic Hall of Fame.

In addition to an already challenging schedule, Reynaud has returned to Florida State as a graduate student in pursuit of a Ph.D. in athletic administration. ★

CECILE REYNAUD'S *20th Season!*

"Cecile Reynaud has been one of the most positive influences in my life. A great coach, teacher of life, and has been a true friend. She should feel great pride in being a part of my many successes."

—*Gabrielle Reece '90*

Professional Volleyball Player/Model
California

"Cecile has touched my life so that I still desire to play, coach and strive to learn more about the game so that I can pass on this wonderful sport to others. Recently I played in my first USAV national championship, and was setting. I constantly was hearing her voice, 'Know where the shortest blocker is,' 'Feed all your hitters,' 'Try to always run the middle on the first play to keep the middle blocker guessing' and others. When I coach my juniors, many of my words could just as well have her voice instead of mine. I hope she never copyrights what she has said, or I'll owe a million."

—*Nancy Townsend-Cothron '80*

Physical Education Teacher, Dowdell
Junior High, Tampa, Florida

"There are a thousand memories I have of the two years I spent under Cecile. We had a lot of fun. I don't know how the team gets to tournaments today, but we drove in State cars. We spent countless hours on the road driving to tournaments throughout the Southeast. What a blast!!"

—*Michele Hurd '78*

Computer specialist NASA
California

"...having played volleyball at Florida State for Cecile definitely brought structure and direction to my college days. I had instant friends and 'family' which is important when you are young and miles away from home. I had a lot of fun and made many lifelong friends."

—*Jackie Young-Daley '85*

Human Resources, Apertus Technologies
Bloomington, Minnesota

"One of the most important decisions in my life was where to go to college. I chose FSU because I heard that coach Reynaud was a great teacher of the game and was excellent at developing talent. Cecile sparked my spirit of competition, relied on my leadership and gave me the opportunity to express my opinions. Each victory was a reflection of Cecile's hard work, experience and powers of motivation."

—*Sally Summer Rozanski '83*
Homemaker, Miami, Florida

"I was a summer walk-on transfer student from a small private college who dreamed of one day playing at AIAW nationals. Cecile Reynaud gave me that opportunity. It showed me that anything is possible if you put forth the effort."

—*Jamie Kuhn-Gore '80*
Psychologist
Fort Myers, Florida

"...her influence cannot be confined to merely my college years. While I was attending FSU she provided me with encouragement, praise and recognition, and the confidence to succeed. While this was important then, I have found those four years to be more beneficial than what it appears at face value. Since then I have realized how important it is to set goals, strive to reach them and have the confidence and determination to do so. The importance of teamwork ...working with others; praising and complimenting those you work with for the common goal...are important lessons one can use in any aspect of business or management."

—*Marie Sanders Molitor '83*
Manager, Customer Service Department,
Talbots, Sudbury, Massachusetts

"From my first jog around Tallahassee with my bun-huggers on — to laps around the track at 6:00 a.m. on Sunday, Cecile taught me discipline and instilled self confidence in me. Thanks for teaching me to believe in me."

—*Julie Plattner '86*
Chef, Co-Owner Stagecoach Inn
Restaurant, Springfield, Illinois

"Cecile influenced my college years and decision to become a volleyball coach because of her knowledge and love for the game as well as her unselfish dedication and attitude. Her spirit was uncanny and I learned a lot from her. My experience of being a Lady 'Nole has helped me to become the best coach that I can be."

—*Velma Wright '79*
Physical Education, Forest Hill Community
High School, Riviera Beach, Florida

"My first year at FSU, Cecile reminded us that there were only four years available to us to compete at NCAA level and encouraged us to take advantage of each opportunity along the way. I often think back to my time at FSU with the hope that I will also live today to the fullest."

ASSISTANT *Coaches*

Shelly Birkholz

ASSISTANT COACH, 9TH SEASON,
FLORIDA STATE, 1986

Shelly Birkholz returns for her ninth year as an assistant coach at Florida State. Four years ago, Birkholz returned to her position after a year's absence when she served as the Indiana women's coordinator for the Fellowship of Christian Athletes. Previously, Birkholz was the assistant from 1986 through the

1989 seasons during which time the Lady Seminoles made three appearances in the NCAA tournament.

After a standout prep career at Hononegah High School in Roscoe, Illinois, and with the Sports Performance team, Birkholz accepted a volleyball scholarship at FSU. Knee surgery sidelined her as a sophomore, however Birkholz continued to play an important role on the Lady Seminole team for the next two years.

Birkholz graduated from Florida State in 1986 with a degree in leisure services before she officially joined the coaching staff. She continued her education and earned her master's degree in 1988.

She currently coordinates recruiting, monitors the academic progress of the players and provides Reynaud with input on daily practices and matches. She also assists and participates in the team's training and workout sessions which led to her selection and top two finish at the American Gladiators competition held in Tallahassee in the spring of '92.

As one of the organizers of the FSU huddle for FCA, Birkholz continues her speaking engagements around the state. In 1991, she served as an administrative assistant for the volleyball delegation at the Olympic Festival in Los Angeles. Birkholz also assists with the Cecile Reynaud Volleyball Camp each summer.

Sherry Cowling

ASSISTANT COACH, 2ND SEASON,
FLORIDA STATE, 1993

Sherry Cowling begins her second season as an assistant coach after a standout senior season playing for Reynaud. After receiving her degree in economics, Cowling taught history at an area high school and coached the volleyball team. During this time she was very involved in the Tallahassee Commu-

nity and promoting youth volleyball. Cowling was honored with an award for her excellent community service throughout the year while at Godby High School.

In one season of play at Florida State, Cowling established a new school record, since broken, when she registered 72 assists in a match against Duke. She was also honored as a GTE Academic All-American and named to the American Volleyball Coaches Association All-South Region team.

In a single season of Atlantic Coast Conference action, Cowling was selected as an All-ACC member and to the ACC All-Tournament team. During the 1992 season Cowling was selected to the Gator Invitational, South Florida Invitational, and Hofstra Invitational All-Tournament teams.

The Miami, Florida native began her career at Syracuse University where she played three seasons before transferring to Florida State. Cowling also was the setter for the 1990 Silver medal Olympic Festival team.

Cowling could not be any more involved with the sport she loves. Along with her FSU coaching duties, Cowling has been coaching with the Big Bend Juniors Club for three years, and trained with the Bud Light four-woman professional beach tour over the summer as a setter for Team Nike.

Cowling is currently working on her master's degree in athletic administration and will complete the degree this year. She is also engaged to Jason Clouet, a master's student at FSU as well.

Luiza Ramos

UNDERGRADUATE STUDENT ASSISTANT

After one of the most successful careers in Florida State history, Luiza Ramos will be involved with Lady Seminole volleyball in a different manner. Ramos will join the coaching staff while finishing her business degree in management information systems.

A Brazilian native, Ramos attended Ft. Myers High School as a foreign exchange student. Ramos established a new career dig record and ranks second in career kills. Ramos joined the coaching ranks last spring when she became involved with coaching at the Juniors level with the Big Bend Club.

1994 *Year In Review*

The opening meeting of the 1994 Florida State volleyball team may have gone something like this, "Welcome to Florida State, you wanted top competition and power volleyball, you've got it." FSU played its toughest schedule ever in 1994 and had only four upperclassmen on the roster. Head Coach Cecile Reynaud's squad handled it all as expected of a

volleyball history, Luiza Ramos led the young Seminoles both offensively and defensively last season. Ramos tied or broke four individual season records. She recorded 579 kills in 1994 tying Maggie Philgence's record, her 1,402 attempts and 4.87 kills per game both set new single season marks. On the defensive end, Ramos' 507 digs shattered the previous season record of 460.

Nothing like easing into the season, Florida State

"FSU played its toughest schedule ever in 1994 and had only four upperclassmen on the roster."

Florida State team...with a winning season. The 1994 season may not go down as the winningest in history with a 17-16 showing, but considering the opponents they faced, the year can be considered nothing short of sweet success.

One of the greatest all around players in FSU

hosted the Volleyball Monthly Invitational in the early weeks which brought perennial powers like UCLA and Penn State to Tully Gymnasium. Although the team could not pull out a victory, these challenging games prepared the young 'Noles for the conference schedule ahead.

Rookies Maureen McCarthy and Susan Johnson both made quite an impact in 1994.

Making a tough schedule tougher the Tribe headed down to Gainesville for the first of a home and home series with the Gators. Florida State lost the match before the largest crowd of the season with close to 4,000 screaming Gators on hand. But those fans had little to scream about come Halloween.

On October 31, Florida State handed the Gators its first and only three game loss of the season. Florida State toppled Florida 15-9, 15-13, 16-14 in Tallahassee.

FSU's non-conference schedule also brought Notre Dame south to Tallahassee. The saying, "There's no place like home," rang true once again as the Seminoles handed the then 12th ranked Fighting Irish a 3-1 loss. (15-10, 8-15, 17-15, 15-12)

In Atlantic Coast Conference competition, Florida State finished the regular season with an even 7-7 record with sweeps of North Carolina State and Virginia. FSU entered the conference tournament seeded fifth and managed to pull off the only upset of the weekend taking its opening round match from the hands of the fourth seed Maryland. FSU's championship chances were taken in the semi-finals from the eventual champion Duke Blue Devils.

Individual play did not go unnoticed as many players earned all-tournament honors throughout the season. Ramos and Deanna Bosschaert were named to the All-Tournament team at the Minnesota Tournament and the Georgia Holiday Classic. Ramos was also named to the Volleyball Monthly Invitational Tournament team, the All-Atlantic Coast Conference team, the ACC All-Tournament team and the AVCA First Team All-South Region.

The emergence of rookie Maureen McCarthy as

a setter caught some attention as well. McCarthy was named to the ACC All-Freshman team, while also taking home ACC Rookie of the Week honors (10/31) during the season.

Senior middle hitter Adria Ciraco came into her own for her final season recording career high numbers all around. Ciraco was named Atlantic Coast Conference Player of the Week (10/10) for her performances in the sweep of North Carolina State.

Bosschaert and Ramos will both go down in the Florida State record books as two of the most outstanding outside hitters in school history. Both recorded over 1,000 career kills and digs in their careers. Ramos also has rewritten many of FSU record's including a few of her own. With the conclusion of the 1994 season, here is how her FSU career ranked: 2nd in Kill Attempts, 2nd in kills, 2nd in service aces, and 1st in digs. For the season Ramos tied the kill record, leads in kill attempts, 1st in kills per game, 7th in aces, and 1st in digs.

Bosschaert's name will be etched in the record books as well. She ranks 3rd for career records in kill attempts, service aces, 4th for career kills and 5th for career digs. ★

The 1994 season saw FSU hand the Gators their only three-game loss of the season.

1000 DIGS & KILLS

Volleyball Legends

Only a handful of players in FSU's 27 year history have surpassed 1,000 digs or kills in their four year career. These players are considered the best in the game. Four FSU volleyball players have accumulated 1,000 kills and digs in their careers to become the best of the best...the FSU volleyball legends.

Deanne Kaleta

RIVERSIDE, IL – 1985-1988

The only middle hitter in FSU history to be a member of the club. A very consistent player excelling at the quick attack. Ranks 5th on FSU's career blocks.

Deanna Bosschaert

TAMPA, FL – 1991-1994

A well-rounded player who had deadly accuracy from the outside hitter position. Also served as one of FSU's primary passers during her standout career.

Maggie Philgence

ST. CROIX, V.I. – 1987-1990

One of FSU's all-time leading hitters. Holds the Florida State career kill record with 2,110. Became the first FSU and Metro conference player to surpass 2,000 kills.

Luiza Ramos

FORTALEZA, BRAZIL – 1991-94

A weapon both defensively and offensively. Crushed Florida State's all-time digs record with 1,771. Ranks second in career kills with 1847.
